Objective

Entry-level software developer with a strong background in full-stack web development, passionate about creating intuitive user experiences and solving real-world problems through code. Eager to contribute to a dynamic engineering team and continue growing as a developer.

Technical Skills

JavaScrpit \\ Python \\ HTML \\ CSS \\ React \\ Flask \\ Express \\ Three.js \\ PostgreSQL \\ SQLite \\ Git \\ GitHub AWS S3 \\ Render \\ Figma \\ REST APIs

PROJECTS

DailyForge   [GitHub](#) \\ [Live](#)
Gamified Productivity App
- Built a Habitica-inspired full-stack web app using Flask and PostgreSQL.
- Developed task management and character customization features.
- Optimized backend schemas for scalability and performance.

Animal-Crossingbnb   [GitHub](#) \\ [Live](#)
Airbnb-style Listing Site with a Twist
- Designed listing and review features using PostgreSQL and Express.
- Enabled users to create/manage "Animal Crossing"-style property listings.

SoundCloud Clone   [GitHub](#) \\ [Live](#)
Music Streaming Platform
- Collaborated in a team of 3 using Git branches and Scrum practices.
- Integrated AWS S3 for audio uploading and streaming.
- Developed a fully responsive landing page in React.

EXPERIENCE

Rochester Institute of Technology | *Web Developer* | Rochester, NY   **Jan 2023 – May 2023**
- Designed and delivered a static website that could be maintained by non-technical users post-graduation.
- Implemented clean, accessible UI using HTML and CSS tailored to client needs.

Rochester Institute of Technology | *Frontend Developer* | Rochester, NY   **Aug 2022 – Dec 2022**
- Developed an immersive web-based 3D experience using Three.js.
- Created an interactive character story environment to enhance user engagement before gameplay.

EDUCATION

App Academy \\ Software Engineering Bootcamp   **Completed Spring 2024**

Rochester Institute of Technology \\ *B.S in New Media Interactive Development*   **Graduated Spring 2023**
